Join Us in the Fight Against Cancer on Capitol Hill!

September 19-20, 2006 ♦ Washington, DC

Celebration on the Hill is a grassroots event celebrating cancer survivorship and empowering Celebration Ambassadors and Supporters to advocate for laws that will help in the fight against cancer. It is anticipated that over 10,000 people from across the nation will come to Washington to meet with members of Congress, and advocate for meaningful legislation in the fight against cancer. Plus, each state will have a tent lining a track around the Capitol Reflecting Pool for members of Congress to visit and meet with their constituents.
